

PLAYGROUNDS OPEN MONDAY

Supervised Activities Are
Planned; Directors
Assigned

City playgrounds in Escanaba will officially open Monday, June 24, with supervised activities on four playgrounds. They are at Webster, Royce, Junior high and Ludington parks. Later a fifth playground will be opened at the Franklin school area.

Naomi Vienne and Ruth Goodreau will be in charge of the Royce playground. Paul Vardigan and Leona Erickson will conduct the program at Webster playground. William Puckelwartz is assigned to the junior high school area and Donald McKie and Mary DeChantel will be at Ludington park.

Special attention will be directed this year to intercity activities between the various playgrounds. Additional recreational equipment also has been secured for the program this summer.

All playground directors are qualified to administer first aid and each playground fieldhouse is equipped with adequate first aid supplies to treat minor injuries. Safety will be stressed at all times and each playground will have its own safety patrol.

Officers Reserve Chief In U. P. Is Visitor On Friday

Major Laurence C. Allen, who is in charge of the army officers' reserve corps in the Upper Peninsula with headquarters in the postoffice building at Marquette, was in Escanaba Friday in the interests of reserve corps affairs.

The executive office of the Marquette military district was set up in April with Major Allen in charge and serves the entire peninsula. Reserve officers having questions or problems relating to their status may contact the executive officers at Marquette at any time.

Future training programs for reserve corps officers are uncertain as Congress has not established either the size or composition of the post-war unit, Major Allen said.

ASK FUNDS FOR BAND UNIFORMS

Contributions Sought In
Drive To Help City
School Band

Although progress is being made in the Chamber of Commerce campaign to raise \$7,500 for new uniforms and instrumentation for Escanaba high school band, the response has not been as generous as was expected, L. J. Jacobs, chairman of the special committee in charge of the drive, reported yesterday.

It was pointed out by Jacobs that the band itself has no source of revenue with which to purchase uniforms and additional instruments, although the band responds to requests for its appearance at conventions, parades, and other public celebrations. The school board, concerned with operating budgets and increased salaries for teachers, has no money available to defray the cost of band uniforms and new instrumentation, Jacobs said.

Of the total \$7,500 which is the drive goal, about \$3,500 would be spent for new uniforms for the band members, and the remainder would go to purchase instruments. "So far the average of each contribution has been small," Jacobs said. "The committee believes that if Escanaba citizens understood the need to give generously to this fund they would do so. Unless the band is properly uniformed and is supplied with instruments it will be handicapped in its appearance at school functions, and cannot make an impressive showing when it plays at public events."

It was announced that all persons interested in making a contribution to the band uniform fund do so as soon as possible. These contributions may be mailed or presented in person to the Chamber of Commerce office.

Fred Johnson Wins Fishermen's Week Display Contest

Fred A. Johnson, display manager of the Delta Hardware company, has been awarded first place in the National Fishermen's Week window display contest sponsored by the Sporting Goods Dealer, trade publication, it has been announced.

Mr. and Mrs. Johnson left last night for Bemidji, Minnesota on an all-expense paid vacation, the first place award in the display contest. Enroute, they will stop at Minneapolis this morning where Mr. Johnson will also receive a cash award of \$250 from Sports Afield, well known sportsmen's magazine.

The prize winning display was built around the background of a large opened book. On one page was the script of Edgar Guest's popular poem, "Out Fishin'". A fisherman, realistic in appearance, was stepping from the opposite page.

Mr. and Mrs. Johnson will return to Escanaba July 3.

Clouse Ranch Gets First Shipment Of Six Chinchillas

Three pair of chinchillas, the smallest and probably the most valuable of fur bearing animals, were received late this week by Percy and Reuben Clouse, operators of the Upper Peninsula Chinchilla Ranch at Groos, one of two chinchilla farms recently set up in Delta county.

A fourth pair ordered by the Clouses could not be shipped from the ranch at Pontiac with the others because of what the fur

breeders regard as very blessed "blessed events," the bearing of a litter of several offspring, on the day of shipment.

Percy Clouse, who recently returned from Pontiac where he took ranch training at the Michigan Chinchilla Ranch with which his farm is associated, said that visitors were welcome to inspect

the Groos ranch at any time. The Wilkinson ranch at Bark River has four pair of Chinchillas and is also affiliated with the Pontiac concern.

The familiar round purple inspection stamp on meat has been used by the U. S. Department of Agriculture for 40 years.

Some Heavy Work Coming Up? Bulldozer Business Booming In County Now

Do you want several miles of logging road built in a few weeks? The excavating done for your basement in a couple hours? An acre of land cleared quicker than you could pull out a stump?

That's what the boys in the bulldozer business are doing all over the Upper Peninsula these days and take it as a part of the day's work.

Although the use of bulldozers is not a new story, the American public generally became aware of the mammoth tasks they could do when the country was at war. They saw newsreel pictures of bulldozers clearing landing strips on islands in the far-away Pacific; leveling jungle in Africa; grading roads around bomber plants.

Now the war is over the bulldozer business is going great guns, and most of the men in the business are working the big machines to the limit of their operator's capacity to keep up with the demand. Several of the bulldozers are located in Delta county, and their owners work them on jobs all over the central and eastern Upper Peninsula.

Modern Paul Bunyans
Included among one of the larger jobs was that undertaken by Al Paul and Frank Svehla of Rapid River, partners in a bulldozer business. They have two 'dozers, and one of their recent jobs was the construction of eight miles of logging road near Grand Marais for the Northwest Veneer and Plywood company of McMullan.

"We built eight miles of logging road nine feet wide in five weeks," said Paul. "This included leveling the surface after it had been built. We were on the job altogether for six weeks, but one week we were held up by rain. When we went in all that had been done was to cut the larger trees from the main-of-way."

How long would it have taken without the bulldozers? Well, Paul estimates it would have taken a big crew of hand laborers most of the summer. The difference in cost, of course, is great.

After the work at Grand Marais, the bulldozers went to Eckerman near Whitefish Bay in Chippewa county. There they built one and one-half miles of road and leveled a site for a saw mill for the same company. Equipment included with the Paul-Svehla bulldozer is a tractor, which loads 762 yards of dirt in eight hours, keeps 11 trucks busy with the hauling.

Farmers Use Bulldozers
Among other bulldozer owners in the county are Carl Mosler of Rapid River, Jerry DePuydt of Perkins, and Skoug Brothers have one they use both for their own work and for hire. Over at Cooks, Leo Penoure has a 'dozer to handle the "heavy work" in that area.

Usual cost of hiring a bulldozer to work for you is \$7 to \$9 per hour, depending on the size of the machine. The bigger ones can do more faster, of course, and the rate is higher. Skilled operators are important in efficiently handling the machines, which weigh several tons and have powerful diesel engines. The \$7 per hour rate usually applies to a 10-ton outfit.

Farmers are turning more and more to the bulldozer for clearing

land. The old-time method of grubbing, burning, pulling stumps—and leaving many stumps in a field to rot away—is fast going out of the picture. Today the bulldozer makes a clean level job and the field is in production the first season.

In Escanaba where new homes are being built the bulldozer came in for attention when it scooped out the excavation for several basements in one block and leveled the whole area in the time it would have taken to hand-dig one basement.

Loggers are turning to the bulldozer tractor unit for many purposes, from building roads to skidding logs. While new to this country, there are tractor appliances which are being used elsewhere to cut and fell trees.

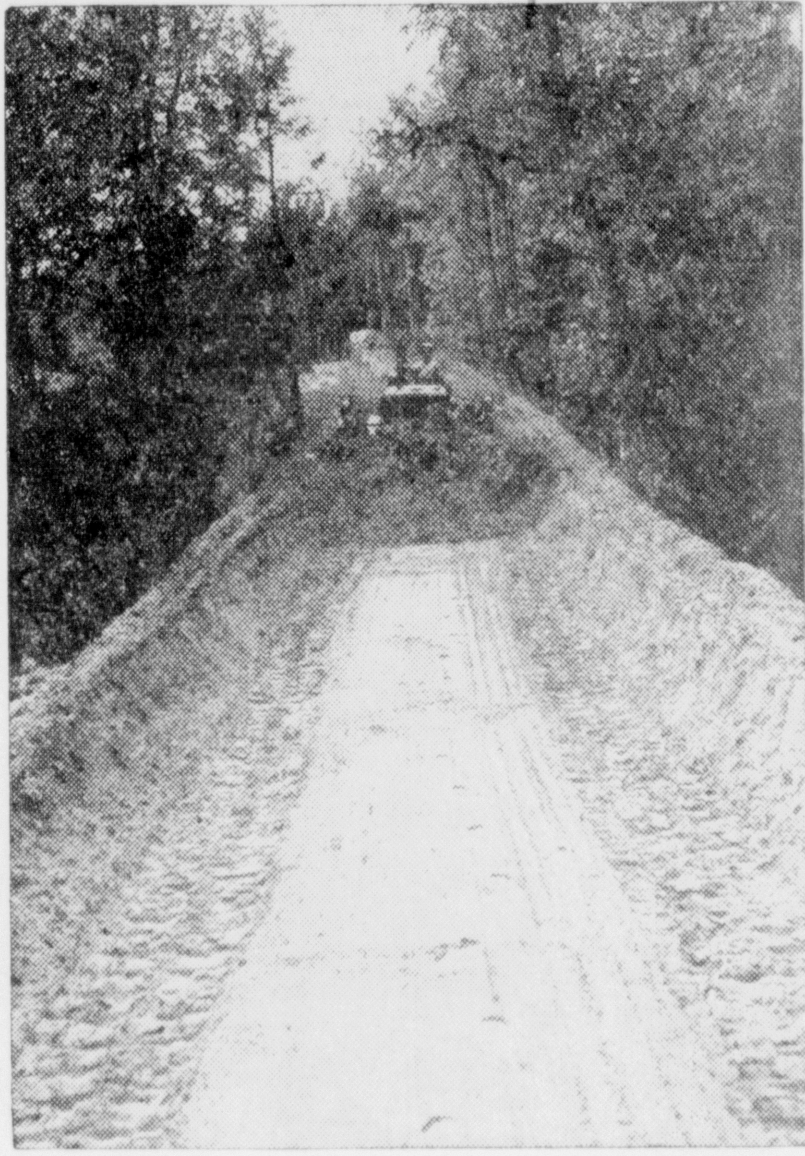

Illness Is Fatal To Mrs. Manning

Mrs. John Manning, 810 First Avenue south, died Thursday evening following an illness of four months duration. She had been in ill health since she suffered a heart attack early this spring while vacationing in Florida.

Mrs. Manning was born Dec. 27, 1894, in Elwood City, Pa. Her marriage to John Manning of this city took place on August 20, 1924. For three years, Mrs. Manning served as the oral-deaf teacher in the Escanaba public schools. She was a member of St. Patrick's Guild and the American Legion Auxiliary.

Survivors include her husband; one son, S. 1/c Jack Manning, Great Lakes, Ill.; two daughters, Regina, who attends the University of Michigan, and Mary, at home; a sister, Miss Regina Thush, and two brothers, Victor and Raymond Thush of Miami, Fla.

The body will be in state Sunday morning at the Allo funeral home. Funeral services will be held Monday morning at 9 o'clock at St. Patrick's church, the Rev. Fr. Martin Melican officiating. Burial will be made in St. Joseph's cemetery.

Thief Gets Nothing In Burglary Of Nee Office On Thursday

A burglar who broke a window on the north side of the Coleman

Nee yard office at 1500 Third Avenue north sometime Thursday night and entered the coal and building material company office, got absolutely nothing for his trouble. No cash is kept at the office.

Police got the prowler's fingerprints.

The attempted burglary was reported to local officers Friday morning by Al Olson, Nee company foreman.

Vets Procedure In Buying War Surplus Property Outlined

Veterans interested in the purchase of surplus war property may take the first step in the somewhat lengthy and involved process of buying any such available material, by making application at the local Office of Veterans Affairs in the Escanaba National Bank building here.

As far as war surplus purchases by veterans are concerned, a veteran is a person who actually served in the military or naval services on or after September 16, 1940, and prior to the termination of World War II, and discharged or released under honorable conditions. This includes persons on terminal leave or final furlough and individuals whose status has been changed from "active" to "inactive".

The veteran in this community should take his discharge, terminal leave papers or other proof of World War II service to the Escanaba Office of Veterans Affairs where he may file his application for certification. This application will be forwarded to the certifying office serving the community. The veteran may be certified by only one certifying office.

Upon qualification, the veteran-purchaser will be assigned a case number which will appear on all certificates issued and will be given certificates indicating his veteran's right to purchase property described thereon. Certificates will be honored by the proper disposal agency anywhere within the continental limits of the United States.

A duplicate of the certificate issued to the veteran is dispatched to the veterans branch at the regional office of the disposal agency serving the community. These certificates are filed in an item file, according to the item shown on the certificate and according to the date of the certificate.

On property under the control of and for sale by the Minneapolis War Assets Administration, regional office, notices will be mailed to veterans according to

the date of their certificates for the item named thereon.

The regional disposal agency for the most part is dependent upon allocations of surplus property from other regions which means that many of the items sought by veterans in this region may be located in other states. In many cases items may be purchased in the Minneapolis War Assets Administration regional office but

where inspection is necessary it may require travel outside the veteran's home state to make inspection.

On national sales programs in which the regional office participates, notices will be sent to all holders of certificates for the items advertised. Information as to how, when and where these sales will be held will also be furnished when possible.

AGED MAN HIT BY MOTORIST

Injured Woodworker Is Found On Highway Thursday

State Troopers and Gladstone City Police Officers are seeking the hit-and-run motorist who Thursday night struck and injured Arthur Cornwell, 69, of Gladstone, an employee of the Bay de Noc Lumber company on the highway just south of the Allard gas station at South Gladstone.

Cornwell was found lying on the south shoulder of the road shortly after 11 o'clock Thursday night by Clifford Larson, 908 Montana avenue, Gladstone.

Police authorities were notified and the injured man taken to St. Francis hospital by J. D. Preston of Wells.

Examination disclosed that the man had sustained a fracture of the left leg just above the ankle and bruises and contusions on the face. He was conscious when found but unable to tell officers where he resided.

Because of the nature of the injuries, it is theorized that Cornwell was stepping off the pavement when a wheel of an auto caught his leg. His clothing was torn and he had no body injuries such as would probably have been the case had he been struck by bumper or fender of the auto and thrown.

How long a time elapsed between the injury and the finding of the man is unknown.

Bible School Will Be Opened Monday

A vacation Bible school is to be conducted at St. Paul's Lutheran church, beginning Monday morn-

TWO INJURED IN CAR CRASH

Auto Rolls Over; Wm. Steinhoff Is Now In Serious Condition

Munising—William Steinhoff, 18 years old, son of Mr. and Mrs. Earl Steinhoff, Bay View Addition, was seriously hurt about 11 o'clock Friday morning when the 1936 model light truck he was driving rolled over in the driveway of the Sylvan Inn on M-28. Edward O'Boyle, 15 years old, son of Mr. and Mrs. James O'Boyle, riding with Steinhoff, escaped with minor bruises about the right eye and right side of the face. Both were taken to Munising hospital.

Steinhoff and O'Boyle had just fixed their car, an open touring model, and were giving it a try up the road. Steinhoff was going to turn the car around in the drive way but was going too fast and the car jack-knifed on the wet gravel rolling up the hill and coming to an upright position facing Munising crossways of the drive about 50 feet off the main highway. O'Boyle leaped from the car as it rolled and ran up the hill anticipating the car would roll after him, he said.

William Steinhoff's injuries were said yesterday by Dr. G. B. Wickstrom, the attending physician, to be extensive head lacerations and cerebral concussions. X-rays will be taken to determine any further injuries. Three stitches were taken above the eye of Edward O'Boyle and he was released from the hospital after first aid treatment and examination.

In another accident Friday about 1 o'clock in the afternoon, Judge John A. Vizen's car and a truck driven by Joseph Chartrand and owned by Frank Doucette, collided in the middle of the street. There was no one injured, but the right door of Judge Vizen's car was pushed in and the grill and radiator of the Doucette truck were smashed.

Party For Savarieds To Be Held Monday

Munising—Members of the First Methodist church will entertain the Rev. and Mrs. K. O. Savaried at a farewell party on Monday evening, June 24. Rev. Savaried, who has been pastor of the Methodist church in Munising for the past six years, has been transferred to the Cheboygan, Mich., pastorate.

Rev. Savaried will deliver his farewell sermon here Sunday morning, June 23, at services to begin at 8:45 o'clock. Church officials ask a large attendance at the church Sunday morning to show respects to Rev. Savaried.

The Men's club of the Methodist church entertained their past at a farewell party on Thursday evening. The program of the evening included a demonstration of fly tying by Bud Tinkham and games. At a 10 o'clock lunch the Rev. Savaried was presented with an appropriate gift by members of the club.

The Rev. Einar Soderberg, who has been assigned to the Munising church from the West Branch Methodist church, is expected to arrive in Munising about July 1.

AGED WOMAN SPENDS NIGHT LOST IN WOODS

Munising—Mrs. Frank Demogolla, 70 years old, of Au Train, who was missing from early Thursday morning, walked into Au Train about 7:30 o'clock Friday morning after spending Thursday night in the woods unable to find her way out.

Mrs. Demogolla became lost while looking for fire wood. Friends and relatives notified the Munising police department about 3:30 o'clock Thursday afternoon and a searching party was made up including the state police and sheriff's department. The searching party could not locate Mrs. Demogolla after searching until early morning hours. Mrs. Demogolla came out of the woods near Carr's camp and was picked up by a logging truck. She was returned to her home before the searching party went out again.

Speer Admits Plot To Kill Fuehrer With Poison Gas

BY TOM REEDY

Nuernberg—(AP)—Albert Speer testified in the trial for his life as a war criminal today that he plotted to kill Adolf Hitler with poison gas shot through the chancellery bunker ventilator in March of 1945.

The former munitions minister told the international military tribunal he openly defied the chancellor and determined to liquidate him because Hitler was bringing Germany to ruins because of refusal to surrender.

Speer, one of 22 Nazis on trial before judges of the United States, Russia, France and the United Kingdom, said Hitler "betrayed Germany" in continuing the war beyond January of 1945 when defeat "was clear to any intelligent man around him."

Speer, architect of many modern buildings in Berlin, said he felt he was in a position to flood the chancellery bunker with poison gas.

British intelligence reports said Hitler indeed did die in the chancellery bunker, but by his own hand and with his mistress-bride Eva Braun, in the last hours before German capitulation.

Plane With Payload Breaks Records At 413 Miles An Hour

Dayton, O.—(P)—The Army Air Force's XO-26F, powered by one jet and two conventional engines, streaked non-stop from Wright Field in St. Louis and back today at 413 miles an hour—a new speed record for an airplane carrying a 1,000 kilogram (2,204 pound) payload over a 1,000 kilometer (621 mile) course.

The record was made under National Aeronautical Association rules, topping the previous record of 369 miles per hour set last May by Lt. Edward Grabowski of the Strategic Air Command over the same course with the same payload.

Flying at 22,000 feet, the XO-26F, piloted by Lt. Col. T. P. Gentry, 32, of Chicago, went to St. Louis where its turn-about in flight was checked by radar, and back to Wright Field in one hour, 30 minutes and 50 seconds. Capt. W. K. Rickert, 28, of Philadelphia, was co-pilot.

Two Pratt and Whitney conventional type engines with four-blade propellers got the plane off the ground and then the 1-16 jet engine was turned on for additional power.

Canadian MP Gets Six Years In Prison For Spy Activities

Montreal—(AP)—One phase of the dramatic Canadian espionage case that began last March ended today when Fred Rose, Communist member of Parliament, was sentenced to six years imprisonment for sending information illegally to Russia during the war.

The appeal of Edward Mazera, former national research council engineer, against his four-year sentence moved into the spotlight, but the prospect was seen in informed circles in Ottawa that further court proceedings in the case would mark time until autumn.

Rose, who still faces charges under the official secrets act, is scheduled to appear for further trial next September. Although this action may be delayed by an appeal from today's sentence.

Mrs. Emma Wolkin was sentenced today to six months in prison for contempt of court, and four other persons charged with contempt in connection with Rose's trial received sentences of three months apiece. They had refused to answer questions.

Social

Gill-Miller

Sault Ste. Marie—Christine Miller, daughter of Mr. and Mrs. William Miller of Pasadena, Calif., and Richard Gill of Gulliver, son of Mr. and Mrs. Clyde Arrowood of Manistique, were married at a candlelight ceremony at the Central Methodist church in Sault Ste. Marie on Tuesday, June 18. The Rev. Walter T. Ratcliffe read the service at 6:30 p. m.

The bride wore a white dress-maker suit with white accessories and a corsage of red roses and white sweetpeas.

Mr. and Mrs. Charles B. Kelly of Sault Ste. Marie were the attendants.

A wedding dinner was served following the ceremony and later the couple left for a trip east to Niagara Falls by way of Canada, where they will visit the Dionne quintuplets at Callender, Ont. They will return July 4.

The bride is a graduate of Boulder high school at Boulder, Colo. Mr. Gill was graduated from the Manistique high school.

25th Anniversary

Mr. and Mrs. L. S. Headland will celebrate their silver wedding anniversary today at their home at Manistique Heights.

The Headlands were married 25 years ago, June 22, 1921, in Chicago, and have resided here for several years.

Bridge Club

Mrs. A. W. Cockram entertained members of her bridge club on Thursday evening at her home on Walnut street.

High score for the evening went to Mrs. P. P. Stanness, high, and Mrs. William Corson, second.

Lunch was served later.

Clark Is Confirmed As Major General Despite Protests

Washington—(AP)—The senate brushed aside protests that General Mark Wayne Clark squandered American lives in promotion to the permanent rank of major general.

Action came on a voice vote with Senator O'Daniel (D-Tex) opposing. Senator Connally (D-Tex), now in Paris for the foreign minister's conference had registered his opposition by a cable.

O'Daniel recalled protests by men and officers of the 36th Division, largely composed of Texas National Guardsmen, that Clark needlessly "wasted lives" in two futile attempts to cross the Rapido river in Italy against entrenched German opposition early in 1944.

Noting that General Clark now is this nation's top ranking officer in Austria and dealing with the Russians there, O'Daniel said he feared Clark's mistakes might lead "to another war."

He said Clark had been unable to gain the respect of the Russians and should be recalled.

Egypt 'Honor Bound' To Shelter Escaped Mufti Of Jerusalem

Cairo—(AP)—Premier Ismail Sidky Pasha said tonight that Egypt was "honor bound" to shelter the mufti of Jerusalem but indicated that the spiritual leader of Palestine Arabs was expected to keep out of controversial activities.

The premier's statement came after the Egyptian council of ministers in a special session had declared that the mufti, who has successfully found a haven in the Nile kingdom, was a political refugee and therefore could not under the law of the nation be handed over to any country.

Former Zion Pastor Announces New Son

Members of Zion Lutheran church were gladdened this week by a unique announcement from the Rev. and Mrs. George Wahlin, formerly of Manistique, announcing the birth of a son. The blessed event was heralded on church program leaflets stating "Our church is growing." The child, named John David, arrived June 10.

The Rev. Wahlin, pastor of Albany Park Lutheran church in Chicago, was pastor here in 1932.

The first known white man to visit Quebec was Jacques Cartier, French navigator, in 1535.

Mrs. Ellen T. Hogarty Died At Home Here Thursday

Ellen Thompson Hogarty, 78, widow of the late Edward Hogarty, pioneer residents of the city, died Thursday evening at her home at 650 Arbutus avenue following a two weeks' illness.

Funeral services will be held Monday morning at St. Francis de Sales Catholic church with the Rev. Fr. B. J. P. Schevers officiating and burial will be in Lakeview cemetery.

Mrs. Hogarty was born in Garden on July 29, 1867 and since her marriage about sixty years ago, has lived in Manistique. Mr. Hogarty died three years ago.

A son, Aldred Hogarty, of Detroit, and five grandchildren survive.

Friends may call at the Keffauver & Jackson Funeral Home after 2 o'clock Saturday afternoon.

New Benefit Year Claims Increased

The Manistique office of the Michigan Unemployment Compensation Commission paid unemployment compensation benefits to 145 unemployed people in Schoolcraft county for the week ending June 15, according to E. Alex Hawkins, principal claims examiner of Escanaba.

This figure includes 113 unemployed veterans paid readjustment allowances and 32 industrial claimants paid from the Michigan unemployment Compensation trust fund. Included in the industrial claimants were 4 women.

Hawkins said there were 8 who filed initial claims for the week, a decrease of 2 since the previous week. All who filed were veterans.

The above figures do not include interstate claims filed against another state, nor do they include Servicemen's Readjustment Self-employment benefits.

Many industrial claimants who exhausted their claims filed during the second quarter of 1945 are entitled to additional unemployment compensation benefits under a new benefit year beginning July 1, if still unemployed. These new benefit year claims will increase the total initial claims for the next few weeks, but should not be taken as an indication of further unemployment.

The majority of claimants receiving checks during the week represents approximately half of the total number eligible for unemployment benefits, as each claimant is paid on a two weeks' basis in Michigan.

VINSON GOING IN WITH BAND

Fanfare For New Chief Justice To Rival Inauguration

Washington, June 21 (AP)—A brass band and fanfare rivaling a presidential inauguration will embark on its job of trying to still the discord in the United States Supreme Court.

Plans to administer the oath to the new chief justice with highly unusual ceremonies were approved today by Vinson's old friend, President Truman.

President Truman announced that the oath will be administered at 11 a. m. on the south porch of the White House. Thirty minutes before the start, the public will be allowed to swarm into the grounds to hear the Navy band play and to watch the ceremony presided over by Speaker Rayburn.

Vinson, as is the custom, will take two oaths, both administered by Chief Justice D. Lawrence Grier of the court of appeals for the District of Columbia.

One is the oath to support and defend the Constitution, the other a pledge to mete out equal justice to rich and poor.

Other members of the supreme court, members of the cabinet, senators and representatives, the diplomatic corps, the president and his staff and members of the Vinson family will be present.

When a newsman remarked that the plans appeared to call for a ceremony approximating the inauguration of a president, Ross said they were intended to do so.

Plans Laid To Curb Japan's War Instinct

reconstruction of their life on a democratic and peaceful basis that the continued imposition of the controls defined herein is no longer necessary.

The present concentration of power in the hands of General MacArthur has been a source of conflict not only with Russia but to a lesser extent with Britain, Canada, Australia and other countries.

In suggesting four-power control the United States may be trying to meet some of these criticisms. There has been some suspicion here that the Russians, who have done much talking about Japan, may have been genuinely concerned over the way things are going there and that once a different system is envisaged they may be more inclined to play ball in other areas.

Hard Coal Contract With John L. Lewis Approved By Board

Washington, June 21 (AP)—The Wage Stabilization Board today approved John L. Lewis' contract with the anthracite industry, granting 75,000 Pennsylvania miners an 18 and 12 cent hourly wage boost.

The board ruled that the 5-cent royalty on each ton of hard coal mined—to establish a health and welfare fund—was outside its jurisdiction, and did not require its approval.

A similar finding had been made in approving the parallel bituminous contract for 400,000 soft coal miners, now working for the government.

First Frazer Cars Go To Distributors; 273,500 On Order

Detroit, June 21 (AP)—Graham-Paige Motors Corp. will ship the first Frazer automobiles to distributors tomorrow, Joseph W. Frazer, president, announced tonight.

At the same time, Frazer revealed that the company's net loss for the three months ending March 31 was \$602,902.47. The figure did not include \$619,970 estimated credit from carry back provisions of the federal income tax laws, Frazer said.

Orders are on hand for 273,500 Frazers, according to the announcement, more than four times the number of cars the corporation ever delivered in any year.

CITY SHAKEN BY EXPLOSION IN BASEMENT

(Continued from Page One)

"There was no failure of existing equipment.

"In the process of installing the new equipment there was an explosion, the cause of which is unknown at this time."

Jack McDonald, messenger boy, pulled three men from the fume-filled basement to safety.

"I was riding down Jackson street on my bicycle and got even with the hotel just as the explosion came," he said. "The blast blew both me and the bicycle on the sidewalk on the opposite side of the street from the hotel."

He got off the walk, and worked his way through the fumes to the basement, pulling the men in to the fresh air.

Bellhop Knocked Down
A bellhop who was in the basement, and had just started to deliver a suit of clothes to a man on the sixth floor, was knocked unconscious by the explosion.

"There was a sudden terrific explosion," he said. "Everything went black, and when I came to, it was sort of dark and smoky. I stumbled up to the first floor—I don't know how—and the walls were buckled up there, too."

Several employees, dazed by the explosion, were found wandering around the street an hour and a half later, unable to remember what had happened.

Assistant Manager Gerald Durbin said that by 4 p. m. (CST) they would be filling reservations. The only major disruption to service, he said, would be to the coffee shop and the elaborate mural room.

NEGRO SAVES 97
Dallas, June 21. (AP)—Charles Hodge, negro in charge of the laundry in the sub-basement of Dallas' Baker Hotel, directed an estimated 97 persons, mostly women, to safety after the blast today that killed eight persons and injured 41 others.

In the panic that ensued immediately following the explosion, women knuckled each other down in a frantic attempt to escape, Hodge related, and, "I couldn't think what to do for a minute when I smelled the ammonia fumes coming in the door."

"I threw some wet sheets to the women and told them to put them over their heads and to lay on the floor."

"When I got some sense back, I told them they'd better crawl on their hands and knees so they could keep away from the fumes. So they started crawling up the hall to the stairs. Near the door to the laundry room, somebody knocked over a stack of soft drink boxes and this blocked the door, I told 'em to pay no mind, just to crawl over them boxes and keep going."

pletely toiled and the pilot cars are coming down the line," declared Frazer.

The prepared statement also revealed that the corporation's farm equipment division has orders for thousands of rototillers, a farm machine which the company claims does the work of a plow, disk and harrow in one operation.

Mrs. Arthur Potvin Dies At Schaffer

Mrs. Arthur Potvin, 62, of Schaffer, died at 10:45 p. m. Friday at the family home. She had been in ill health since February. Mrs. Potvin was born Dec. 18, 1883, at St. Felicien, Quebec, Canada, and came to Schaffer in 1938. She was married Oct. 23, 1902, in Sacred Heart church at Schaffer by the Rev. James Corcoran. Mrs. Potvin was vice president of the Ladies of St. Ann Sodality and president of the French Canadian Union.

Surviving are the husband and the following sons and daughters: Joseph of Schaffer, Albert of Deerfield, Mich.; Marie, Chicago; Lt. Leo Potvin, Washington, D. C.; Edward, Anderson, Ind.; Mrs. Carl Johnson, Escanaba; Mrs. George Pilon, and Rose Potvin, Schaffer. There are 10 grandchildren. Brothers and sisters include: Mrs. Leonard Richer, Schaffer; George Seymour, Escanaba; John Seymour, Detroit; Joseph Seymour, New York; Mrs. Joseph Nolden, Escanaba.

The body was brought to the Alfo funeral home.

NEW OPA BILL HACKED INTO FINAL SHAPE

(Continued from Page One)

The conference committee's amendment of a five-member subcommittee which considered the Senate's Taft Amendment and the House's Wolcott Amendment. The latter, by Rep. Wolcott (R-Mich.) would have stipulated that manufacturers' ceilings must reflect current cost plus "a reasonable profit."

After acting on this feature, the conference committee passed on to consideration of the provisions voted by the senate which would remove price controls from meat, milk, butter, cheese and poultry. Bowles declared these "so obviously disastrous that I am confident that they will be eliminated."

While the committee continued work against the June 30 deadline, when the present act expires, Philip Murray, president of the CIO, called upon President Truman and urged him to take the leadership in the "preservation of a decent, strong OPA."

Murray said he had not been approached by administration officials on a proposal that labor give a no-strike pledge in exchange for effective price controls.

Housewives Snatch Up 20,000 Pounds Of Bonanza Butter

Coleman, Mich., June 21 (AP)—Last of 20,000 pounds of hard-to-get butter, the greatest bonanza of its kind in Michigan's reconversion era, was disappearing into housewives' baskets here today.

Gaylord Paxton, manager of the Farmers Cooperative Co. Dairy, said the butter had been withheld from market for 11 days pending OPA approval of a recent 11 cent a pound price hike.

The butter went on sale this week and customers were allowed

Big Deer Startles Ludington Street Drivers Saturday

The familiar woods roads signs "Careful—Deer Crossing" may have to be erected on Ludington street yet. Mr. and Mrs. Darwood Anderson, 714 First avenue S., were driving down Ludington street at 12:45 o'clock this morning when a big doe deer crossed the main thoroughfare from North 20th street.

The deer approached the cemetery fence on the south side of Ludington street but decided against attempting to vault it.

Just then another motorist approached and catching sight of the animal also stopped to watch. The doe suddenly made up its mind, recrossed the street and after circling the gas pumps at the garage on the north side made off to the north, on North 20th street.

Bodies Of Two Lost Fishermen Found In River North Of Soo

Sault Ste. Marie, Mich., June 21. (AP)—Mystery surrounding the disappearance of four Michigan and Wisconsin fishermen was cleared up today when bodies of two were recovered from a whirlpool on a river in Ontario, Canada.

No trace was found of the other two, presumed "drowned when their freighter canoe was trapped in the 60-foot deep whirlpool on the Michipicoten River, north of Sault Ste. Marie, Ont., June 2.

The bodies recovered were those of Dr. G. A. Ritchie, a Sault Ste. Marie, Mich., dentist, and Richard L. Buege of Marinette, Wis. Still missing are R. H. Buege and Dr. Royal Buege, grandfather and father respectively of the boy whose body was taken from the river.

C. D. Everett and Chief of Police J. Willard Welsh of the Sault, Bill Weston of Ironwood and Walter Gronlund, a trapper, had dragged the depths of the whirlpool since Thursday.

Occupation Forces In Germany May Be Cut To 150,000 Men

By RICHARD KASISCHKE
Berlin, June 21 (AP)—A plan to reduce U. S. Occupation Forces in Germany to 150,000 men—roughly a 50 per cent cut—is being discussed, but no decision on carrying it out has been made yet, Gen. Joseph T. McNarney said today.

(War department officials in Washington said there were now about 300,000 American troops in Germany and Austria. Plans outlined in January to congress by Gen. Eisenhower called for a net force of 307,000 men in Europe July 1, not counting 28,000 in Italy.)

up to five pounds each. Women from Gladwin, Beaverton, Midland, Saginaw, Bay City and communities even further away were attracted to the sale.

Paxton said 16,704 pounds have gone over the counter to date and that the supply should be exhausted by Saturday night.

HECKLERS HALT JAPANESE DIET

Session Is Adjourned In Confusion Amid Shouts And Scuffling

Toyko, June 21 (AP)—A rough and tumble session of the new Japanese diet, whose members questioned whether their actions truly represented democracy, was adjourned in confusion tonight.

It was a heckling, boisterous, scuffling affair almost from the start. Members swung at each other in the aisles. Spectators yelled in the galleries.

Unable to control the situation, speaker Senzo Higai, target of the first outbreak, rang the adjournment bell.

The trouble started when Katsu Nomizo, Social Democrat, ran to the rostrum to protest that the speaker was guilty of presiding unfairly.

Noisiest of the Liberal hecklers was Shu Hara, who had been shouting "baka" (idiot) at Tetsu Katayama, Social Democrat, he grabbed Nomizo and they tussled in the aisle. Other members joined in, some making wild swings at their compatriots as others tried to separate them.

Shortage Of Winter Pork Is Predicted

Washington, June 21 (AP)—An official forecast of a below-average fall pig crop today foreshadowed a smaller supply of pork for American consumers during the late winter, spring and summer of 1947 than food officials have been predicting.

The agriculture department reported that farmers' hog breeding intentions as of June 1 indicated a fall pig crop of 29,100,000 head, or 2,400,000 short of a goal set by Secretary of Agriculture Anderson.

Anderson has said meat supplies per person during the next 12 months may be 10 pounds less than the past 12-months average of about 145 pounds. If the pig crop forecast is borne out, the per capita supply might drop to an annual rate of less than 130 pounds a year from now.

The fall crop starts moving to market in the following spring and provides the pork supply until about September.

in 16 minutes.

Mrs. Pash testified that she was married at 16 and that her husband John, 32, beat and abused her over a period of years. He threatened her life, she told the court, shortly before she shot him March 8 as he left their home for work.

The couple's children ranged in age from four to 12 years.

Girl Killed Under Sweetheart's Plane Running On Field

New London, Mo., June 21 (AP)—Miss Betty Ann Lyng, 20, was killed today by a low-flying plane piloted by her sweetheart, Howard Hampshire, 22, Hull, Ill., as she went out to greet him at her farm home south of here.

Robert E. Lyng, the girl's father, said she was running parallel to the plane's course when it apparently hit an air pocket and dipped toward the ground.

The girl was caught in the undercarriage of the plane, which crashed an instant later.

Hampshire, a World War II veteran who had just completed his course for a private pilot's license, suffered head and spinal injuries.

Believe It Or Not, Summer Has Come

By the Associated Press
Summer came to the northern hemisphere at 7:45 o'clock (EST) last (Friday) night.

Although showers fell in Texas, Montana and the Dakotas, skies elsewhere were generally clear on the longest day of the year.

Temperatures were below normal in the north eastern and plains states but about normal elsewhere.

Astronomically, summer—or the summer solstice—arrives when the sun has reached the point in the ecliptic farthest north from the equator and starts back in the other direction.
